CABERNET SAUVIGNON 2015

PURE EXPRESSION OF THE GRAPE

Until our youngest vines are mature enough to produce grapes with enough complexity to qualify for our top wines, we use these grapes in our Varietals range. With our Cabernet Sauvignon we offer the distinctive flavors and Mendoza's purest expressions of our emblematic varietal in Bordeaux. We produce this wine using the same process, care and love as per our Colección.

Vintage characteristics

The spring of 2014 was cool with average temperatures around 10°C and low humidity. Precipitation reached almost 20 mm. Budding was homogenous with very good fruition. Summer weather was within normal parameters and resulted in a very good selection of grape clusters. February was more humid than usual with 80 mm of precipitation and very good average temperatures around 20°C. Typical temperatures range between 12 and 15°C, so CLA defoliated more extensively on the vineyard's west side to improve insolation and ventilation. The harvest was of very good quality with a fresher acidity and a high concentration of polyphenols, ensuring wines with good volume and great delicacy.
