33,4 g/l

### PRODUCTION

Production:  
Fermentation :  
Maceration :  
Malolactic Fermentation:  
Aging :

39.000 bottles  
After hand selected grapes are filtered twice, vats are filled by gravity and the maceration process begins.  
Once the vats are full, the grapes undergo a cold maceration before the alcoholic fermentation. The full maceration process takes 30 to 40 days.  
100%  
100% in French oak barrels during 18 months

### TASTING NOTES

93 pts, Wine Advocate, # 198, December 2011  
*"The 2009 Grand Vin is a barrel selection of the best of the varieties. It raises the level of quality with its already complex perfume, plush personality, and great depth of flavor. Give it 2-3 years and drink it from 2013 to 2023"*Jay Miller.
